

The high-quality 3/4 dipped micro-nitrile foam coating ensures a firm and secure grip even on slightly oily surfaces. The extremely comfortable fit of the glove enables fatigue-free and safe working. Model #1034 is durable, robust and sensitive at the same time.

Category	Assembling
Coating	Micro nitrile foam
Coating details	3/4 coated
Main material	Nylon/Spandex 15 Gauge
Colour	grey / black
Special characteristics	3/4 beschichtet
Packaging unit	12 pairs / 144 pairs in carton
Sizes	6, 7, 8, 9, 10, 11, 12

AREAS OF USAGE

- Automotive industry
- Building industry
- Craft
- Gardening and landscaping
- Manufacturing systems engineering
- Warehousing and logistics

CHARACTERISTICS

- abrasion-proof / durable
- finger movability
- high wearing comfort
- maximum grip
- sensitive
