

# NIRO-S pro #5019

Think safe!  
niro

The glove is cut-resistant, breathable and has a very good grip. The crook of the thumb is extra reinforced, which gives extra durability. A super-light, innovative 18 gauge carrier material offers great comfort and sensitivity while also providing level C cut protection. Coated with a micro-nitrile foam, this model enables long, comfortable wearing.

Category	cut protection C

DIN EN 388:2016  
4X42C

abrasion resistance	4
cut resistance (coupe)	X
tear resistance	4
puncture resistance	2
cut resistance (TDM)	C

## AREAS OF USAGE

- Automotive industry
- Building industry
- Paper and cellulose industry
- Warehousing and logistics
- Manufacturing systems engineering
- Glass industry
- metal processing

## CHARACTERISTICS

- sensitive
- finger movability
- breathable
- oil-repellent
- cut resistant
